

Officially Inducted Into An Elite Group Of Bermudagrass Varieties

The final results of the 2012 NTEP bermudagrass trials are in and X-Com was ranked at the top with the best of them. In fact there was not one seeded variety, either commercially available or experimental, that had a significant difference in turf quality. What makes X-Com so special is its price. Finally a top rated seeded turf type bermudagrass that everyone can afford.
