Strong creeping red fescue Maximal Benefit!

- Medium green colour
- Very good disease resistance
- Stress tolerant
- Very nice overall appearance

Ratings

High stress tolerance

Highly stress tolerant variety with an intermediate ranking on RSM as well as on the STRI list.

The disease resistance of MAXIMA 1 is exceptionally good as the results from Bingly show. The figures from RSM underline the flexible use of MAXIMA 1.

It is as good in ornamental turf as in landscape. Thus this variety fits very well in different type of mixtures. You can rely on Maxima as the flexible variety.

Nice Appearance throughout the Whole Year

The general aspect of MAXIMA 1 is very stable over summer as well as in winter and rated good at BSA trials.

Perennial ryegrass

Convincing by Performance!

- Dark green colour
- Multi-resistant
- Very fast in establishment
- Combining density and wear tolerance

Ratings

Brilliant Future

ESQUIRE is one of the few varieties needing hardly any promotion. Since we started dispatching of seed for private trials we have had a very high positive feedback. Esquire's "field" performance is highly convincing!

Multi-Resistant

ESQUIRE resists well to winter damage and is tolerant to the majority of diseases of importance in the European Union and in North America; rusts, leaf spot, red thread and dollar spot.

First Out of Starting-Blocs

ESQUIRE takes off very early in spring with an impressive density. This explains also a very good wear tolerance. This is combined with good summer appearance and leaf fineness above average.

Lolium Perenne

- Very best wear tolerance
- Very high shoot density
- Fantastic persistency
- Very high rust resistance

Very Best Wear Tolerance

The very high shoot density combined with the very good recovery of Greenway makes it an obvious choice also for sports areas. Especially the summer wear tolerance is extremely high.

Very High Shoot Density

In the official trials in France Greenway came out as one of the very best varieties with regards of shoot density. This was repeated in the STRI trials in UK.

Outstanding Rust Resistance

Rust attack is one of the severe diseases in perennial ryegrass, but do not worry - Greenway can beat it!
